- Customer Master (Sold-to Partner)
- Additional Partners and Possible Uses
- Credit Master
- SD Views of the Material Master
- SAP Modules in Scope
- Pricing

- List
- Customer-Specific
- Cost
- Tax
- Freight

- Customer-Material Info Record
- Output Types

Transactions Covered in Unit 2

- XD01
- XD02
- XD03
- FD33
- MM03
- VK11
- VK12
- VK13
- VD51
- VD52
- VD53

Unit 3 - The Overall Order to Cash Flow

Upon completing this unit, participants should be familiar with the overall order to cash flow:

- Pre-sales activities - Quotations and Contracts
- Sales Order
- Delivery
- Transfer Order
- Post Goods Issue (Material Document)
- Invoice
- Accounting Document
- Returns
- Credit Memo Requests
- Debit Memo Requests

Transactions Covered in Unit 3

- VA23
- VA33
- VA43
- VA03
- VL03N
- LT21
- MIGO
- VF03
- FB03

Unit 4 - Document Types

Upon completing this unit, participants should be familiar with document types, document type controls, and the structure/navigation/and purpose of documents created in the OTC process

- Discuss Document Types/Document Type Controls
- Define OTC Documents
 - Identify the structure of a document - header, item, overview
 - Quotation
 - Contracts
 - Sales Order
 - Delivery
 - Transfer Order (WM pick process)
 - Goods Receipt(Material Document)
 - Invoice
 - Accounting Documents
 - Cash Receipts
 - Returns

- Required Fields/Incomplete Documents

Transactions Covered in Unit 4

- VA21
- VA01
- VL01N
- VF01
- F-28

Unit 5 - Item Categories

Upon completing this unit, participants should be familiar with item categories, item category controls and usage in each of the document used in the OTC process.

- Item Categories

Transactions Covered in Unit 5

- VA23
- VA03
- VL03N

Unit 6 - Schedule Lines

Upon completing this unit, participants should be familiar with schedule lines, schedule line controls and usage in each of the document used in the OTC process.

- Schedule lines

Transactions Covered in Unit 6

- VA23
- VA03
- VL03N

Unit 7 - ATP and GATP

Upon completing this unit, participants should be familiar elements associated with scheduling product, allocating material, and the ATP and GATP methodology.

- ATP
 - Set-up
 - Check Rules
 - Item Category Control and ATP

- GATP
 - The difference between ATP and GATP

Transactions Covered in Unit 7

- VA21
- VA01
- MD04

Unit 8 - Reporting

Upon completing this unit, participants should be familiar with various types of standard SD reporting available in R/3:

- List Sales Orders
- Incomplete Documents

Transactions Covered in Unit 8

- VA05
 - V.02
-
